Mrs. Lorene Moreland
County Auditor
Johnson County
Cleburne, Texas, 76031

Dear Mrs. Moreland:

On the basis of my telephone conversation with you and Judge Ball, it appears to me that the formation of a Hospital Authority in Johnson County would not create any problems in relation to this retirement System. As I understand it from you, the report of Hospital employees and other employees of Johnson County would come from your office in the same manner as in the past. In this regard, should there be an attempt at any time to separate the Hospital from the rest of the County in so far as this System is concerned, it could cause

serious problems. Johnson County's Allocated Prior service Credit Percentage was calculated to be 95%. This percentage is based on all departments of Johnson County, including the Hospital.

Since Judge Ball's telephone conversation with Mr. Gaynor Kendall, it has been report to me by Mr. Kendall that he cannot see where the creation of the Authority would create any legal problems in so far as this retirement System is concerned.

The creation of your Hospital authority is of course a local matter, and you folks have your own reasons for creating this Hospital Authority. All I can say is that I cannot see how this could affect any of your employees' retirement rights in this System as long as it does not affect your accounting to the Texas County and District Retirement System Office.

Please let me know when I can be of further assistance.

JRB;cd

Sincerely,

Cc: The Honorable Thomas E. Ball

J. Robert Brown, Director
