Lonnie Watson

Professor David Guinn presented six maps revealing six different plans for drawing new lines for the our commissioners precincts; which were all within the population percentage requirement as set forth by the Justice Department.

The statistical profiles will be mailed to Judge Altaras for distribution to the Committee members. After a study of the profile another meeting will be called to determine which plan, if any, will be acceptable.

There was no official action taken by the court as a result of this meeting.

The meeting was adjourned by Judge Altaras.
