Fisher Labs M Scope Portable Walk Through Metal Detector  
**\$4,199.99**

**Product Info**

The Magnascanner's unique multi-dimension coil design and simple, easy-to-interpret alarm displays provide the ultimate in precise target location identification.

**Features:**

- 33 pinpoint zones to precisely identify multiple target locations from head to toe on the left, center and right sides of the body.
- 21 standard programs for security application versatility.
- International security standards—The PD 6500i meets the world's highest test certifications, including the following international airports:  
TSA (USA)  
ECAC (European)  
STAC (French)  
Aena (Spanish)  
CJIAC (Japanese)  
Transport DfT (United Kingdom)
- Dual detection: with transmitters and receivers in each panel, the PD 6500i is the equivalent of two detectors in one. By scanning from both sides, the PD 6500i provides superior detection, uniformity and performance.
- Advanced broadband detection technology provides superior target analysis, ferrous and non-ferrous weapons detection, discrimination and higher throughput.
- Directional counter with four settings for counting (forward, reverse, subtract in reverse, and bi-directional).
- Superior versatility: selectable settings designed for airports, courthouses, prisons, schools, facilities, special events, mass transit, loss prevention and many other applications.
- Networking ability: CMA provides networking, remote control, monitoring, data analysis and group management.
- Meets IP55 standards for moisture and foreign matter protection.
- Pacing lights at the entrance display universal "wait" and "proceed" symbols for traffic control.

**Specifications:**

- Operating Temperatures: 4°F (-20°C) to + 158°F (70°C); Humidity: To 95 non-condensing.
- Power: Fully automatic 100 to 240 VAC, 50 or 60 Hertz, 55 watts; no rewiring, switching or adjustments required.
- Weatherproofing / Foreign Object Protection Standards: Meets IP 55, IEC Standard. "Degrees of Protection provided by Enclosures," IEC 529.
- Target Pinpointing Lights: Thirty-three (33) distinct zones are displayed with two (2) independent columns of LEDs located on exit side of PD 6500i.
- Programs: Twenty-one (21) independent programs designed to meet all installation-specific requirements including ECAC requirements for European airports and TSA requirements for U.S. airports.
- Multi-Unit and Multi-Brand Compatability: 2,300 selectable operating frequencies and multiple channels allow the PD 6500i to operate in close proximity to other PD 6500is as well as with non-Garrett walk-throughs.
- Interference Suppression: Advanced analog and digital filtering—as well as adjustable operating frequencies—eliminate the potential effects from x-ray units, radios and other electrical interference sources.
- Directional Counter: Counter tracks the number of patrons that have passed through the detector, the direction of

**Product Info**

The industry leader for more than 20 years, the Garrett Super Scanner is backed by ongoing state-of-the-art Garrett engineering. Perfect for checkpoint security, the Super Scanner's 9" swath permits rapid and accurate scanning without body contact. Self-calibrating, digital microprocessor technology eliminates the need for periodic sensitivity adjustments. Rugged, high-impact ABS case exceeds Mil-Std-810F (drop test) Method 516.5, procedures II and IV. Now comes with visual, audible and silent vibrating alarms. Super sensitive portable metal detector meets current NJ602.02 specs which call for on light (Green), low battery light (Amber) and visible-audible alarm light (Red).

- Detects metal objects as small as a coin, no tuning required
- Thermoplastic handle, secure grip and convenient wrist strap
- Earplug (sold separately below) mutes warning signal sounds
- Optional Scanner Recharger Kit features charger and battery
- 3 LED lights: Green, Amber, Red
- On/off switch
- 100 hours continuous operation on a single 9V Battery Included
- 2-Year Warranty
- Measures 16"L; weighs 18 oz.
