Project Benefits

Documentation

Grantees will provide enforcement data to the DPS on a quarterly basis to include:

- investigations conducted/resolved,
- arrests made (felony/misdemeanor),
- charges filed (felony/misdemeanor), and
- documents recovered, number/type (fictitious or actual).

The DPS will provide enforcement data sheets and instructions for completion to grantees. Enforcement data sheets will be due to designated personnel at the DPS no later than 15 days after the quarter closes (due dates of December 15, March 15, June 15, and September 15).

Grantees will notify the DPS about major investigations related to vehicle inspection/emissions. Notifications will be made on forms provided by the DPS. Notifications to the DPS will be expected within five (5) business days after the finalization of the case (arrests, indictments, or major media story revealing the investigation). The DPS will provide to grantees criteria for major investigations determination. Grantees will provide the DPS additional facts about investigations should the DPS deem it necessary to determine crime trends, etc.

Grantees will send to the DPS information regarding new crime trends to include pictures, written documentation, and other reasonable means determined by the DPS.

The DPS will analyze reported data to develop specific goals, objectives, and strategies for the next calendar year and long term.

In addition to local efforts, as identified, the DPS will send tips/leads to grantees for investigative consideration including: high emitters using remote sensing technology, counterfeit insignia, counterfeit vehicle inspections reports, and clean scanning or other masking techniques.

County LIP Certification

{County} makes the following certifications regarding the projects included with the accompanying Project Summaries:

1. The projects were selected in accordance with the procedures set forth in the grant agreement with the Texas Commission on Environmental Quality (TCEQ);
2. The project proposals have been fully evaluated and determined to fit within the minimum criteria and standards established by the TCEQ for this program, as well as more specific standards established for the project categories by the County;
3. The project proposals are consistent with and directly support implementation of the Texas Health and Safety Code, 382.220;
4. The governing body of {County} officially approved the selection and scope of work of this project on {date} and has authorized the person signing this proposal to make the preceding certifications and act on behalf of {County}.
5. This is to certify that I have reviewed the proposed LIP project/budget and to the best of my knowledge, all costs and expenses are applicable as listed. The project will be conducted in accordance with the standards and reporting requirements listed in the LIP contract between the TCEQ and the County. Non-substantive changes may be made to this project for clarification purposes or refinement so long as the project goal(s) and funding amounts do not change.
