INTRODUCTION

The Texas Department of Public Safety is stocking certain forms, manuals, gunshot residue kit, and supplies for the Intoxilyzer Breath Testing Program and the Laboratory Alcohol and Drug Testing Program for all Texas cities, counties and state Department of Public Safety operations. This is being done to control uniformity of procedures, consistency of paper work and supplies of the Breath Testing Program and the Laboratory Alcohol and Drug Testing Program thus strengthening our position in court should the need arise. We will also be able to take advantage of volume buying thus passing on the savings to you, the customer. Certain minimum quantities and packaging will be required in order to be as efficient as possible. The prices will differ between DPS and non-DPS users. The non-DPS agencies will be charged a slightly higher price due to all administrative and handling expense and will be required by law to have an Interlocal Cooperation Contract on file with General Services for any supply item such as mouthpieces, alcohol blood tests kits, gunshot residue kit and urine specimen kit. An Interlocal Contract is not required for printed materials. We strongly urge that all purchases be discussed and coordinated with your local Breath Test Program Technical Supervisor and/or DPS Headquarters Laboratory Alcohol and Drug Testing Program personnel. These individuals are familiar with the ordering procedure and should be aware of any price changes. The Technical Supervisor or Laboratory Alcohol and Drug Testing personnel will also be in a position to advise the purchaser of the quantities of supplies that will be needed.
