FRAUD PREVENTION

AND

DETECTION

JOHNSON COUNTY Fraud Prevention and Detection

Fraud – Theft or intentional waste or abuse of County funds, property or time.

Johnson County, hereinafter referred to as "County", is committed to preventing fraud. All County employees must share in this commitment. County employees, especially supervisors and Department Heads/Elected Officials, must be aware of the circumstances, or "red flags", which lead to fraud. For the purpose of this administrative procedure, fraud and intentional waste are referred to as "fraud".

BACKGROUND

1.1 Studies have shown that "red flags" of fraud within an organization were ignored by the organization in almost 50% of the frauds reported. Internal controls are the best method of preventing fraud. Poorly written or poorly enforced internal controls allow most fraud to occur.

1.2 Fraud occurs for the following reasons (note: there were multiple reasons in some cases):

- a) Poor internal controls
- b) Management override of internal controls
- c) Type of organization (industry with high risk of fraud)
- d) Collusion between employees and third parties
- e) Poor or non-existent company ethical standards
- f) Lack of control over managers by their supervisors

1.3 The most frequently cited "red flags" of fraud are:

- a) Changes in an employee's lifestyle, spending habits or behavior
- b) Poorly written or poorly enforced internal controls, procedures, policies or security
- c) Irregular/unexplained variances in financial information
- d) Inventory shortages
- e) Failure to take action on results of internal/external audits or reviews
- f) Unusually high expenses or purchases
- g) Frequent complaints from customers
- h) Missing files
Ignored employee comments concerning possible fraud

1.4 Perpetrators of fraud typically live beyond their reasonably available means. Other indicators of fraud include the borrowing of small amounts of money from co-workers, collectors or creditors appearing at the place of business, excessive use of telephone to stall creditors, falsifying records, refusing to leave custody of records during the day, working excessive overtime, refusing vacations, and excessively rewriting records under the guise of neatness.

1.5 The following internal controls help prevent fraud:

- a) Adherence to all organizational procedures, especially those concerning documentation and authorization of transactions
- b) Physical security over assets such as locking doors and restricting access to certain areas
- c) Proper training of employees
- d) Independent review and monitoring of tasks
- e) Separation of duties so that no one employee is responsible for a transaction from start to finish
- f) Clear lines of authority
- g) Conflict of interest statements which are enforced
- h) Rotation of duties in positions more susceptible to fraud
- i) Ensuring that employees take regular vacations
- j) Regular independent audits of areas susceptible to fraud

PURPOSE

2.1 The purpose of this administrative procedure is to define what constitutes fraud, and to outline rules and procedures all employees must follow when fraud is suspected.

SCOPE

3.1 This procedure applies to all County employees and elected/appointed officials.

RESPONSIBILITIES

- 5.1 All Employees - Any employee who has knowledge of an occurrence of fraud, or has reason to suspect that a fraud has occurred, shall immediately notify his/her supervisor. If the employee has reason to believe that the employee's supervisor may be involved, the employee shall immediately notify the Department Director/Elected Official of his/her department. However, if the employee has reason to suspect that the Department Head/Elected Official may also be involved, the employee should contact the County Attorney or District Attorney. Every employee shall cooperate with administrative investigations pursuant to this administrative procedure. The employee shall not discuss the matter with anyone other than his/her supervisor, the Department Director/Elected Official, the County Attorney and the District Attorney. Failure to report suspected fraud could result in disciplinary action or possibly termination.

The supervisor shall not attempt to investigate the suspected fraud or to discuss the matter with anyone other than the Department Director/Elected Official, the County Attorney and the District Attorney. Failure to report suspected fraud could result in disciplinary action or possibly termination.

- 5.4 Internal Audit - Upon request by the County Attorney or District Attorney, the County Auditor will assist with the investigation of possible fraud.

PROCEDURES

- 6.1 Record Security - A successful audit/investigation can only be performed if the documentation relating to an alleged fraud is available for review in its original form. Therefore, once a suspected fraud is reported, the Department Head/Elected Official and supervisor shall take immediate action to prevent the theft, alteration, or destruction of relevant records. Such actions include, but are not necessarily limited to: removing the records and placing them in a secure location; limiting access to the location where the records currently exist; and preventing the individual suspected of committing the fraud from having access to the records. The records must be adequately secured until the County Attorney or District Attorney obtains the records to begin the audit/investigation.
- 6.2 Contacts/Protocols - After an initial review and a determination that the suspected fraud warrants additional investigation, the County Attorney or District Attorney may request the services of the County Auditor, whereby, the County Auditor shall coordinate the financial review and shall report its investigative findings as described below.
- 6.3 Confidentiality - All participants in a fraud investigation shall keep the details and results of the investigation confidential except as expressly provided in this administrative procedure.
- 6.4 Personnel Actions - If a suspicion of fraud is substantiated by the audit investigation, disciplinary action shall be taken in conformance with the County's Personnel Policies and Procedures. A false and vindictive allegation of fraud is a violation of this administrative procedure. All violations of this administrative procedure, including violations of the confidentiality provisions, shall result in disciplinary actions up to and including termination.
- 6.5 Retaliation - It is a violation of this administrative procedure for any individual to be discriminated against for reporting fraud or for cooperating, giving testimony, or participating in an audit investigation, proceeding, or hearing. Such individual falls under the protection of the Whistle Blower Act.
- 6.6 Media Issues - If the media becomes aware of an audit investigation, the appropriate supervisor or Department Head/Elected Official shall refer the media to the County Attorney or District Attorney. The alleged fraud and audit investigation shall not be discussed with the media other than through the County Attorney or District Attorney's Office

DISPOSITION OF INVESTIGATION

- 7.1 At the conclusion of the audit/investigation, the County Auditor and County Attorney or District Attorney's Office will document the results in a confidential report to the Commissioners Court.
- 7.2 If the fraud has resulted in County property loss, the County Auditor shall report such loss to the Commissioners Court. The County Attorney or District Attorney or designated legal counsel shall seek restitution for any property loss.
- 7.3 Upon completion of the audit/investigation and all legal and personnel actions, records will be returned by the investigative offices to the appropriate department.
