**COMMISSIONERS COURT OF JOHNSON COUNTY
SEXUALLY ORIENTED BUSINESSES ORDER**

AN ORDER PROVIDING FOR THE LICENSING AND REGULATION OF
SEXUALLY ORIENTED BUSINESSES IN THE UNINCORPORATED AREAS OF
JOHNSON COUNTY, TEXAS.

WHEREAS, there is the potential for the location of sexually oriented businesses in Johnson County and such businesses require special supervision from the public safety agencies of the County to protect and preserve the health, safety and welfare of the patrons of such businesses as well as the citizens of the County; and

WHEREAS, the Johnson County Commissioners Court finds that sexually oriented businesses are frequently used for unlawful sexual activities, including prostitution and sexual liaisons of a casual nature; and

WHEREAS, the concern over sexually transmitted diseases is a legitimate health concern of the County which demands reasonable regulation of sexually oriented businesses to protect the health and well-being of the citizens; and

WHEREAS, licensing is a legitimate and reasonable means of accountability to ensure that operators of sexually oriented businesses comply with reasonable regulations and to ensure that operators do not knowingly allow their establishments to be used as places of illegal sexual activity or solicitation; and

WHEREAS, there is convincing documented evidence that sexually oriented businesses, due to their very nature, have a deleterious effect on both the existing businesses around them and the surrounding residential areas adjacent to them, causing increased crime and the downgrading of property values; and

WHEREAS, it is recognized that sexually oriented businesses, due to their nature, have serious objectionable operational characteristics, particularly when they are located in close proximity to each other, thereby contributing to urban and rural blight and downgrading the quality of life in the adjacent area; and

WHEREAS, the Johnson County Commissioners Court desires to minimize and control these adverse effects and thereby protect the health, safety and welfare of the citizenry; protect the citizens from increased crime; preserve the quality of life; preserve property values and character of surrounding neighborhoods and deter the spread of urban and rural blight; and

WHEREAS, the regulations contained herein neither have the purposes nor effect of imposing any content limitations on those who produce adult books, films, photographs, or entertainment or their ability to make them available to whom they desire and that these regulations neither have the purpose nor effect of restricting any way the purpose of viewing of these materials by those who desire to view them; and

WHEREAS, the Johnson County Commissioners Court makes the following findings with regard to Sexually Oriented Businesses:

The Johnson County Commissioners Court finds that there is convincing evidence that Sexually Oriented Businesses, because of their very nature, have a deleterious effect on both the existing businesses around them and the surrounding residential areas adjacent to them, causing increased crime and the consequent downgrading of property values. Numerous studies, reports, and findings concerning the harmful effects of adult entertainment uses on surrounding land uses and neighborhoods have been produced including the following, which have been reviewed by the Johnson County Sexually Oriented Business Task Force and Johnson County Commissioners Court and summarized as follows:

A. DETROIT, MICHIGAN--The Detroit Adult Entertainment Use Regulations were adopted in 1972 as part of an "Anti-Skid Row Ordinance" that prohibited an adult entertainment business within 500 feet of a residential area or within 1000 feet of any two other regulated uses. The term applied to a variety of other sexual entertainment establishments, including adult theaters, adult bookstores, cabarets, bars, taxi dance halls, and hotels. During the hearings on the ordinance, the City introduced extensive documentation that demonstrated the adverse socioeconomic and blighting impacts that the adult entertainment uses have on surrounding development, including decreased residential and commercial uses and an increased number of package stores and lounges. The documentation consisted of reports and affidavits from sociologists, urban planners and real estate experts, as well as some laymen on the cycle of decay expected in Detroit from the influx and concentration of such establishments.

B. AMARILLO, TEXAS-- In 1977, the Amarillo Planning Department prepared a report entitled, A Report on Entertainment Uses in Amarillo. The report concluded that adult entertainment uses have adverse impacts on surrounding land uses, and that those impacts can be distinguished from those of other businesses. The study found that street crime rates are considerably above the City's average in areas immediately surrounding the adult-only businesses, and that late at night, during their primary operating hours, these businesses create unique problems of noise, glare and traffic.

C. LOS ANGELES, CALIFORNIA--A November, 1984 report, The Current Status of Pornography and its Effect on Society, prepared by the Los Angeles Police Department's Vice Division, identifies the adverse effects of concentrating adult entertainment businesses. The study compared the popular Detroit plan, which disperses adult entertainment businesses, and the Boston plan, which has a single, concentrated adult business section in a specific area of the town. The Detroit plan was upheld by the U.S. Supreme Court in Young v. American Mini-Theaters, Inc. and was endorsed by area police officers, businessmen, realtors, appraisers and residents. The report states, "The proliferation and clustering of sex-oriented businesses adversely impacts the crime rate in adjacent areas... The overwhelming increase in prostitution, robberies, assaults, thefts and proportionate growth in police personnel deployed throughout Hollywood are all representative of the blighting that the clustering of adult entertainment establishments has on the entire community." Therefore, the L.A. Planning Department recommended the Detroit plan with the requirement of not less than 1000 feet between sexually oriented businesses and regulation of signs and other forms of advertising.

D. INDIANAPOLIS, INDIANA--In 1984, Indianapolis surveyed real estate experts on the impact that adult entertainment uses had on surrounding property values. A random sample (20 percent) of the national membership of the American Institute of Real estate appraisers was used. The opinion survey found that an adult bookstore located in the

hypothetical neighborhood described would have a negative impact on residential property values of premises located within one block of the site.

E. PHOENIX, ARIZONA--A 1979 Planning Department study compared three study areas containing adult entertainment uses with three control areas that had similar demographic and land use characteristics but not adult entertainment businesses. Their study indicated that, on the average, "In the three study areas, property crimes were 36 percent higher, violent crimes were 4 percent higher, and sex crimes were over 600 percent higher than in the control areas."

F. ST. PAUL, MINNESOTA--In 1978, the Planning Department of St., Paul completed a study of Effects of Surrounding Area of Adult Entertainment Businesses. The study concluded: (1) that there was a statistically significant correlation between neighborhood deterioration as reflected in housing values and crime rates and the location of adult entertainment businesses; (2) the statistical relationship was still significant after taking into account certain marketing factors, and; (3) there was a stronger correlation with neighborhood deterioration after establishment of an adult entertainment business than before.

G. BEAUMONT, TEXAS--The serious, objectionable effects of the concentration of adult entertainment uses in Beaumont was clearly illustrated in the commercial revitalization plan for the Charlton-Pollard neighborhood that was prepared by the City's Planning department in May of 1981. The plan described the economic decline that followed the establishment of adult entertainment uses in a specific neighborhood. It was noted that the growing presence of adult businesses drive away neighborhood commercial stores. Limitation may be accomplished by zoning and specific use permits in some zones. Spacing between adult entertainment businesses is critical and would vary based on what is in the vicinity of such business.

H. SEATTLE, WASHINGTON--In 1976, the city of Seattle amended its zoning ordinance providing for the gradual elimination of nonconforming adult theaters. The Seattle Department of Construction and Land Use prepared a report addressing the Proposed Land Use Code Text Amendment which regulated adult cabarets. This report is divided into two areas: (1) the intent of the proposal, as defined by its boundaries and rationale; and (2) a review of prior court cases as they relate to adult cabaret policies. The proposed zoning ordinance amendments are recommended based on the evidence the neighborhood property values will be negatively impacted due to the incompatibility of such businesses with other property uses and that residents fear that some of the people attracted by adult theaters may constitute a threat to the comfort and safety of the residents. Evidence was presented in the report which indicated that adult theaters were not compatible with adjacent residences and other types of uses such as churches, schools, etc.

I. AUSTIN, TEXAS--In May of 1986 the Austin Planning Department published a report of adult businesses in Austin. An analysis of crime rates in Austin was conducted by comparing areas with adult business to areas without adult businesses. Four study areas were chosen that did not contain adult businesses. Two study areas were chosen containing only one adult business each, and two study areas where chosen containing two adult businesses each.

Within the study areas containing adult businesses, sex crimes were found to be from two to nearly five times the city-wide average. Also sex-related crime rates were found to be 66% higher in study areas containing two adult businesses as compared to study areas containing only one business.

Austin conducted a survey of 120 real estate appraisers and lending institutions. Eighty-eight percent (88%) of those responding indicated a belief that an adult bookstore would decrease residential property values within one block, and 59% felt that residential property would decrease within three blocks. A survey of three adult businesses in Austin revealed that

only three customers had addresses within one mile of an adult business and 44% of all customers visiting the adult bookstore had addresses outside the City of Austin.

J. HOUSTON, TEXAS--results after committee completed several phases of research (including public hearings, executive sessions, draft of proposed ordinance, public hearing regarding the ordinance, and executive sessions, with legal counsel to refine ordinance) included the conclusion that a new SOB ordinance would not be a "knee-jerk" reaction to public opinion, but rather a necessary regulation of enterprises which have the potential to severely negatively impact the community. Decreased property values, increased crime, ancillary activities (such as prostitution), crude advertising, possible corruption of children and overall decrease in quality of life were all documented as concerns related to current and future adult businesses in Houston. Therefore, the committee drafted as strong an ordinance as was possible while maintaining a careful balance between the rights of the persons who do not wish to be exposed to such businesses and the rights of the persons who wish to operate or patronize such businesses.

K. OKLAHOMA CITY, OKLAHOMA--The Planning Division of the Community Development Department of the City of Oklahoma City, Oklahoma sent 100 surveys to professional real estate appraisers in order to develop a data base regarding adult entertainment businesses. The survey asked the appraisers in order to develop a data base regarding adult entertainment businesses. The survey asked the appraisers opinions as to the effects of a sole adult bookstore locating on an arterial street that borders a middle income residential neighborhood. 74% of the appraisers felt there would be a negative impact and 41% felt commercial property would be negatively impacted at a distance of three blocks away. Comments from the survey included the following: "an immediate transition begins, with the better quality businesses moving out and a lower class business moving in;" "attracts undesirables; threat to residents feeling of safety and security;" and "tends to prevent economic improvement in the area."

L. CLEVELAND, OHIO--Statistics provided from the National Conference on the Blight of Obscenity (which was held in Cleveland) conclude that "areas which house pornography shops had a much higher crime rate than other areas of the city." At the conference, experienced detectives reported on the impact of pornography on a city both in the form of individual cases, such as one female murder victim's assailant visited a pornography shop within hours of the murder and sexual assault, and statistics, including the following regarding the City's 204 census tracts of property of which 15 of these contain pornography outlets:

- During 1976 when crime decreased 8.1% in the city overall, 12 of these 15 particular tracts had an increase in crime or remained the same. Also, the two highest crime-ridden tracts in the town contain 8 of the 26 local pornography shops.
- There was an average of 20.5 robberies per census tract; however, of the 15 tracts containing pornography shops the average was 40.5 (double the city-wide average). Moreover the one tract that contains five such shops had 136 robberies take place although only 730 people live in that tract compared to the most populous tract (5,210 people) had only 14 robberies.
- 498 rapes occurred in 1976 which is an average of 2.4 per tract but the rate in each of the 15 tracts was two to four times the average. Of the three tracts where rapes occur the most frequently, 2 of the 3 contain pornography shops and the 3rd tract borders a tract which contains such shops. The rate in these 3 tracts is 7 time the city average.

I. The Johnson County Commissioners Court finds that from the studies that have been presented, concentrations of Sexually Orientated Businesses within a community have a serious harmful physical, social, and economic effect on surrounding areas particularly when they are located in close proximity to each other, thereby contributing to urban and rural blight and downgrading the quality of life in the adjacent areas. The studies show that regulations requiring the dispersion of Sexually Oriented Businesses are justified. The studies also show that because of their very nature, Sexually Oriented Businesses uses can and should be regulated;

II. The Johnson County Commissioners Court finds that the studies conducted in other cities and states throughout the country have shown a decline in neighborhoods, and neighborhood oriented commercial, religious, and institutional facilities when exposed to adult entertainment facilities;

III. The Johnson County Commissioners Court finds that the Supreme Court has upheld the validity of such controls which disperse these kinds of activities;

IV. The Johnson County Commissioners Court finds that there will be adequate locations for Sexually Oriented Businesses within the unincorporated areas of Johnson County after passage of this Order;

V. The Johnson County Commissioners Court finds that the unrestricted location of certain sexually oriented businesses may be detrimental to the public health, safety and welfare by contributing to the decline of residential and business neighborhoods and the growth of criminal activity and; therefore, require immediate remedial legislation;

VI. The Johnson County Commissioners Court finds that in Renton v. Playtime Theaters, Inc., 475 U.S. 41 (1986), the Supreme Court reiterated Young v. American Mini Theaters, 427 U.S. at 71, in according "high respect" to "a city's" interest in attempting to preserve the quality of urban life;

VII. The concern over sexually transmitted diseases is a legitimate health concern which the Johnson County Commissioners Court determines demands reasonable regulation of adult entertainment establishments in Johnson County in order to protect the health and well-being of the citizens. Therefore regulations in this Order include measures which are reasonably expected to discourage anonymous sex, indecent exposure, prostitution and public lewdness at adult entertainment establishments. Such measures include, but are not limited to, requirements such as manager stations, open (unobstructed view of) booths/rooms, overhead lighting, minimum four foot walls with no apertures, holes or other openings, no-touch provisions and 6 foot buffer zones between employees and patrons, hour restrictions, interior/exterior lighting requirements, and density restrictions, prohibition of nudity and semi-nudity in establishments where alcohol is served, consumed or offered for sale, and registration/licensing of owners, managers and employees. Numerous studies, cases and witnesses confirm these measures will promote public health and general welfare by inhibiting illegal activities which tend to promote the spread of sexually transmitted diseases including HIV.

VIII. The Johnson County Commissioners Court finds that licensing is a legitimate and reasonable means of accountability to ensure that operators of adult entertainment establishments comply with reasonable means of accountability to ensure that operators of adult entertainment establishments comply with reasonable regulation of their business, and that licensing is a legitimate and reasonable means of ensuring that operators do not knowingly allow their establishments to be used as places of illegal sexual activity or solicitation.

IX. The Johnson County Commissioners Court is relying on the findings and studies listed above and as presented in public hearings and is attempting to benefit the public welfare by proposing this Order.

X. The Johnson County Commissioners Court is aware that under case law from the U.S. Supreme Court, such as City of Renton v. Playtime Theaters, Inc., 475 U.S. 50 (1986), this Commissioners Court is allowed to rely on the experience of other cities in enacting legislation to regulate adult entertainment users.

XI. It is the express intent of the Johnson County Commissioners Court to ensure that the adverse effects created by Sexually Oriented Businesses are minimized and controlled so as not to cause or contribute to crime, increased blighting, or downgrading of adjacent property and the surrounding neighborhood by restricting their proximity to a church, cemetery, government building, place of religious worship, licensed day care facility, school, hospital, boundary of a residential or historic district as defined in this chapter; a public park, or the property line of a lot devoted to a residential use as defined in this chapter.

XII. The regulations established herein are intended to protect and preserve the quality of life, property values, integrity and character of the county neighborhoods and other districts, deter the spread of urban blight, and protect the citizens of Johnson County from the objectionable effects of Sexually Oriented Businesses.

XIII. The Johnson County Commissioners Court finds that in accordance with case law, such as Lakeland Lounge v. City of Jackson, Mississippi, 973 F .2d 1255 (5th Cir. 1992), the county staff, Johnson County Sexually Oriented Business Task Force and the Commissioners Court have worked diligently over several months with each other and with numerous expert sources across the United States studying the effects of sexually oriented businesses and regulation of such businesses.

XIV. The Johnson County Commissioners Court finds that its concern regarding the secondary effects of such adult businesses and the welfare of the public, rather than the desire to suppress free expression, have led to the passage of this Order. Every effort has been made to preserve the rights of the operators, owners and patrons of such businesses including the adoption of a content-neutral Order which serves a substantial governmental interest while allowing for reasonable alternative channels of communication.

XV. The Johnson County Commissioners Court finds that it is necessary, expedient and in the best interest of the citizenry to regulate the operation and location of adult entertainment establishments for the purpose of stemming a potential increase in criminal activities and disturbances of the peace and good order of the community, maintaining property values, preventing injuries to residential neighborhoods and other districts, and protecting and preserving the quality of life.

NOW, THEREFORE, pursuant to the authority granted by the Constitution and Chapter 243 of the Texas Local Government Code, BE IT ENACTED BY THE COMMISSIONERS COURT OF JOHNSON COUNTY, TEXAS:

1. That the findings contained in the preamble to this Order are determined to be true and correct and are hereby adopted by the Johnson County Commissioners Court and made a part of this Order for all purposes.

**SEXUALLY ORIENTED BUSINESS ORDER
FOR JOHNSON COUNTY**

1-100. PURPOSE AND INTENT.

(a) The Texas Legislature has found that the unrestricted operation of certain sexually oriented businesses may be detrimental to the public health, safety, and welfare by contributing to the decline of residential and business neighborhoods and the growth of criminal activity. Tex. Local Govt. Code Ann. Section 243.001(a). The purpose of this chapter to regulate sexually oriented businesses is to promote the health, safety, morals, and general welfare of the citizens of the unincorporated areas of Johnson County, to establish reasonable and uniform regulations to prevent the concentration of sexually oriented businesses within the unincorporated areas of Johnson County, to deter sexually related criminal activity occurring in and around sexually oriented businesses and to protect the health of patrons and employees of such businesses from sexually transmitted diseases. The provisions of this chapter have neither the purpose nor effect of imposing a limitation or restriction on the content of any communicative materials, including sexually oriented materials. Similarly, it is not the intent nor effect of this Order to restrict or deny access by adults to sexually oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market.

(b) It is the intent of the Johnson County Commissioners Court that the locational regulations of Section 1-112. of this chapter are promulgated pursuant to Tex. Local Govt. Code Ann. Chapter 243 as they apply to a sex parlor, nude studio, modeling studio, love parlor, adult bookstore, adult movie theater, adult video arcade, adult movie arcade, adult video store, adult motel, or other similar commercial enterprise the primary business of which is the offering of a service or the selling, renting or exhibiting of devices or any other items intended to provide sexual stimulation or sexual gratification to the customer. It is the intent of the Johnson County Commissioners Court that all other provisions of this Order are promulgated pursuant to the Texas Local Govt. Code Ann. Chapter 243.

(c) It is the intent of the Johnson County Commissioners Court to protect and preserve the health, safety and welfare of the patrons of "adult oriented establishments," as well as the health, safety and welfare of the county's citizens. Statistics and studies performed by a substantial number of cities and towns in the United States and research by the Sexually Oriented Businesses Task Force indicate the following:

(1) Large numbers of persons, primarily male, frequent such "adult oriented establishments," especially those which provide closed booths, cubicles, studios and rooms for the private viewing of so-called "adult" motion pictures and/or video tapes and/or live entertainment; and

(2) Such closed booths, cubicles, studios and rooms have been used by patrons, clients or customers of such "adult oriented establishments" for the purpose of engaging in certain sexual acts; and

(3) Male and female prostitutes have been known to frequent such establishments in order to provide sex for hire to the patrons, clients or customers of such establishments within such booths, cubicles and rooms; and

(4) Doors, curtains, blinds and/or other closures installed in or on the entrances and/or exits are in use encourage patrons using such booths, cubicles, studios and rooms to engage in sexual acts therein with prostitutes and/or with other members of the same sex, thereby promoting and encouraging prostitution and the commission of sexual acts which cause blood, semen and urine to be deposited on the floor and/or walls of such booths, cubicles, studios and rooms, which deposits could prove detrimental to the health and safety of other persons who may come into contact with such deposits; and

(5) At least 50 communicable diseases may be spread by activities occurring in sexually oriented businesses, including, but not limited to, syphilis, gonorrhea, human immunodeficiency virus infection (HIV-AIDS), genital herpes, hepatitis B, Non A, Non B amebiasis, salmonella infections and shigella infections; and

(6) Since 1981 and to the present, there has been an increasing cumulative number of reported cases of AIDS caused by HIV in the United States; and

(7) The U.S. Surgeon General in his October 22, 1986 report advised the American public that AIDS and HIV infection may be transmitted through sexual contact, intravenous drug abuse, exposure to infected blood and blood components, and from an infected mother to her newborn; and

(8) According to the best scientific evidence, AIDS and HIV infection, as well as syphilis and gonorrhea, are principally transmitted by sexual acts; and

(9) Sanitary conditions in some sexually oriented businesses are unhealthy, in part, because the activities conducted there are unhealthy, and, in part, because of the unregulated nature of the activities and the failure of the owners and operators of the facilities to self-regulate those activities and maintain those facilities; and

(10) A reasonable licensing scheme is an appropriate mechanism to know the true identity of the owners, operators and employees, their criminal background (since someone convicted a sexually related crime leads to the rational assumption that the applicant may engage in that conduct in contravention of this ordinance or other laws), identifies potential witnesses or suspects and by preventing minors from working in such establishments; and

(11) That there is an increasing commercial exploitation of human sexuality by owners and operators of commercial establishments where alcoholic beverages are served or offered for sale for consumption on the premises, or where alcoholic beverages are permitted to be consumed; and

(12) That such exploitation takes place in the form of employing or permitting persons to perform or exhibit their nude or semi-nude bodies to other persons as an

inducement to such other persons to purchase alcoholic beverages or to consume alcoholic beverages while on the premises; and

(13) Such exploitation is further often accompanied by serious and dangerous criminal activity, such as the possession or use of controlled substances, the proliferation of drug-related activity, prostitution, disorderly conduct, assaults, and the like; and

(14) That the direct result of such exploitation in the context of the location where it is permitted (i.e., where alcohol is served or consumed) threatens the preservation of property values of adjoining and adjacent properties and neighborhoods; and

(15) That the direct result of such exploitation is the moral degradation and disturbances of the peace and good order of the community; and

(16) Such commercial exploitation of such nude and semi-nude acts are adverse to the public's interest and the quality of life, tone of commerce, and total community environment in the unincorporated areas of Johnson County; and

(17) The hour restrictions on private clubs in Texas under the current Alcoholic Beverage Commission were originally adopted to "safeguard the welfare, safety, and temperance of the people of Texas," and we hereby find that such hours when applied to sexually oriented businesses equally safeguard the welfare and safety of the citizens of Cleburne; and

(18) The important governmental interests of the prevention of crime and prevention of disease (such as the City of Chattanooga presented evidence of high crime and health risks which supported that City's adoption of City Code Section 11-435(d) as outlined in DLS, Inc. v. City of Chattanooga, 107 F.3d 403 (6th Cir. 1997)) are further by the prohibition of touching between the sexually oriented business employees and customers and when a six foot buffer zone is established; and

(19) The reasonable regulation and supervision of such adult oriented establishments tends to discourage such sexual acts and prostitution, and thereby promotes the health, safety and welfare of the patrons, clients and customers of such establishments; and

(20) The continued unregulated operation of adult oriented establishments including, without limitation, those specifically cited in this provision, is and would be detrimental to the general welfare, health and safety of the citizens of Johnson County; and

(21) The above findings raise substantial governmental concerns; and

(22) Such reasonable regulations are within the powers granted to the county by the Constitution and laws of the state of Texas in order to protect the public health, safety and welfare and have been enacted by this Order without any intention of limiting or restricting the contents of any communicative materials or of denying or restricting the

rights of any adult to obtain, view, distribute, exhibit, or sell any sexually oriented materials protected by the United States and/or State Constitution; and

(23) In order to reduce the secondary effects of sexually oriented businesses, regulation of signage is necessary to protect the health, safety and welfare of the public.
