2021 Training Symposium

[Training Symposium \(/page/TrainingSymposium\)](#) » 2021 Training Symposium

The IACME Annual Training Symposium is being scheduled in-person from July 17-23, 2021 in Las Vegas, NV. The conference will be held at the Golden Nugget Hotel.

There are two parallel Symposium opportunities, the Annual Training Symposium and the Fundamental Medicolegal Investigation Course. Both courses are approved for Nevada POST, ABMDI, and AMA PRA Category 1 Credits.

- The **Advanced Medicolegal Symposium** is designed to provide medicolegal professions and those relating to and supporting medicolegal investigators an in-depth view and study of more advanced concepts. Topics presented will provide attendees with a variety of comprehensive details in multiple areas of learning, including new and emerging trends.
- The **Basic Medicolegal Investigation Course** is intended to familiarize medicolegal death investigators with the operation of a medicolegal investigative system, the role of the medicolegal death investigator, and other fundamental topics to build a solid investigative foundation. The training provided will provide attendees with the basic information and expertise to conduct death scene investigations as a medicolegal death investigator.

The agenda for the Advanced Medicolegal Symposium and Basic Medicolegal Investigation Course will be available in mid to late April.
