

FY 2021 BUDGET

1,200.00

Justification: The costs of clothing has increased tremendously since the pandemic, which has resulted in shortages in all uniform apparel. Also the costs of boots, insignia, badges, and maintenance of the uniforms have also increased. On average a uniformed employee is spending roughly \$1000.00 per year.

FY 2021 BUDGET

Justification: The cost of ammunition has more than doubled as a result of the pandemic with the prices on the market rising to where as an example duty ammo (based on 9 mm) has since 2019 average price \$28.00 - \$35.00 has increased in 2021 to \$60.00 - \$70.00. The cost has increased in all areas of ammo that is used by the Constables to include: 12 gauge (slugs and .00), .223 rifle, 5.56 rifle, and all other ammo. The Precinct 4 Constables Office qualifies a minimum of twice per year (mandatory) on all weapons and recommends that each deputy train at least one additional time during the year which includes not only full time but also the four reserve deputies. Upon taking office the stock of ammunition was scarce within the office and limited in the public market. During our initial qualification we are able to procure minimal duty and qualification ammo, but I had to provide other ammo for rifle and shotgun personally for deputies to qualify. Requesting to increase budget by \$500.00 to accommodate cost increase so that I can make sure that personnel are able to train and qualify.

In 2020 through May of 2021 most classes that were attended by the staff and myself were virtual and not in actual class attendance or canceled. In reviewing past budgets in comparison to the actual amount spent in Conferences and Training the current budget was exceeded. The average amount used was in between \$5400.00 to \$7337.00. In consideration of this I am requesting to increase this budget line item \$1000.00 as in class training has resumed. Also to consider that the cost of classes and conferences have increased as have hotel accommodations. Deputies have mandated training that they must have in order to maintain their TCOLE Peace Officer Credentials.

3 Patrol Rifles and Holographic sights for rifles. 3 @ 1332.04

We are requesting to purchase three (3) Patrol Rifles to issue to fulltime deputies to carry in their assigned patrol unit. Just within Johnson County in the past few months there have been two officers one being a Constables shot in the line of duty. Each of these Officers narrowly escaped losing their life. We are requesting the courts strongest consideration of this as of now the Constables Office only has Vietnam era 5.56 M-16 rifles that are part of the LESO program. LESO personnel have indicated that the program is likely to be revamped doing away with rifles, pistols, and ammunition.

The attached quote is for all four constables' offices including fulltime and reserve deputies to purchase tasers to replace many of the outdated and broken devices that are in current inventory. The plan submitted also includes that rechargeable batteries, training and duty cartridges, access to evidence library, and other upgraded items. The Tasers are fully supported for a full five years. And includes one deputy to attend instructor school on the taser to train the other constable offices.

Sig Sauer Pistol are requested due to not being replaced in 2017 when the other pistols were traded in for replacement. The Pistols will be used to provide handguns to the reserve deputies so that the type, model, and make of the handgun are consistent throughout the agency. These guns will be purchased through Sig Sauer and the cost is a Law Enforcement Agency cost which is significantly lower than the market price.

Currently the Constable Offices are using Mitel In car Video systems that have been problematic since their inception. There have been many issues with the primary Mitel DS416 Synology Disc Station that was supposed to be used to download the in car video system to be stored as evidence as required. The Mitel System has not operated properly and most if not all of the Constable Offices have replaced this system at least once if not more. Similarly we are experiencing the same issues with the Body Worn Cameras (BWC) that are mixed, makes and models between the different Constables Office. Most of these systems requires downloading the systems directly to computers, which causes issues with retention requirements. We are requesting the court consideration in moving the Constable Offices to the Watchguard in Car Video Systems and Watchguard BWC similar to that of the Sheriff's Office to where systems can be downloaded wirelessly and stored properly. Watchguard is a proven company that offers a product that exceeds industry standards that features a product known as Evidence Library that allows you to allot the storage range in accordance with retention requirements. This reduces liability to the Constables and ultimately to Johnson County.
