*** External sender - use caution with links or attachments ***

Bluebonnet RC&D just got Supplemental Environmental Project funds to hold an electronics recycling event in Johnson County. As the Bluebonnet representative for Johnson County, I am requesting the City of Cleburne and Johnson County as Bluebonnet members to co-host the event. Please let me know if the city and county can sponsor the event to be held in Cleburne.

Sponsorship would include:

- providing a location (large parking lot with easy access),
- providing supplemental publicity for the event
- assisting with manpower on the single day event (i.e. using community service workers and limited staff for supervision)
- some limited materials (signage, water, use of traffic cones [for within the parking area])

Because no hazardous materials are involved, the event can be held at any location with suitable road access and an open parking area. I think it would be best to hold an event prior to the holiday season when bad weather sets in. I will work with Bluebonnet's recycling contractor to determine available dates. Once we know the possibilities we can find an appropriate location.
