Applicant Meeting Checklist – Advent Health Mobile Clinic

Federal Compliance Expertise: Got a federal grant some time ago, but had no exposure to the details

How far in the process are they (procurement issues)?: No hard quotes

Number of people impacted: 2500

Duration of impact: 12 years

Basis for previous two figures: level of primary care visits, community health outreach, existing bus lifespan

Other grant sources if any: None

Proportion of Services to Johnson County residents: 85-90%

Attending March 29th: Yes

Details on disproportionately impacted communities: Don't collect data on who's insured or not, but focus is on providing services to people who are uninsured or have mobility/transportation difficulties

Project Description

Texas Health Huguley is a faith-based hospital whose mission is to Extend the Healing Ministry of Christ. An important initiative helping us deliver on that Mission is operating a Mobile Health Clinic ("Clinic"). This mobile medical service was established over 30 years ago for the purpose of providing basic primary care to those in our community who have difficulty accessing it due to lack of transportation or inadequate financial resources. Overseen by a physician, the Clinic is staffed by a Family Practice Nurse Practitioner, a registered nurse, and other allied health professionals. The Clinic provides a variety of services including adult physicals, minor acute illness treatment, lab work, EKG's, female exams, prostate screening, skin cancer screening, flu shots and childhood immunizations. While there is a minimal fee structure, very few are able to provide payment, and no one is ever turned away for their inability to pay. Additionally, the Clinic serves as a resource for local employers and community events to perform health screenings.

We are on our third bus since the program began. It has served us well for ten years but is wearing out and needs to be replaced. We are requesting funding assistance to purchase a new bus, custom designed as a primary care clinic. Having a new bus will allow us to serve the under-served in our communities much more efficiently. It will also positively impact the amount of operating funds we currently spend on repairs, which are not inexpensive.

Project Location

Alvarado, Burleson, Cleburne, Godley, Joshua, Keene

Project Budget

\$750,000

Project Timeframe

14 months from award of funding.

Paula G. Reid

A photograph of a meeting table with documents, sticky notes, and hands pointing at charts. The scene is a close-up of a wooden conference table. Several documents are spread out, featuring various charts and graphs. Numerous colorful sticky notes (pink, yellow, blue) are placed on the documents. Hands in business attire are visible, pointing at specific parts of the documents. The background is slightly blurred, showing office equipment like a coffee cup and a lamp.
