Revised

RE: Bid RFB 2020 - 207 Asphalt and Asphalt Emulsions

To Whom It May Concern:

Cleveland Asphalt Products appreciates our working relationship with Johnson County. We have supplied quality products that built quality roads. Over the last several months, the asphalt market has had substantial price increases. Cleveland Asphalt Products is asking Johnson County to consider a price increase for us to continue our excellent service of building roads for the community of Johnson County.

Please see the attached documents with regards to the price increase (64-22), which shows the rapid price increase from the point of the last renewal to current market rack pricing.

We hope you understand the reasons behind our request for an increase in price. However, if a price increase is unacceptable, Cleveland Asphalt Products will have to cancel RFB 2020 - 207 Asphalt and Asphalt Emulsions on June 12th, 2022. We hope to continue doing business with Johnson County.

Sincerely,

Clayton Moore
Sales Rep.
