Please find attached a letter from our supplier and historical prices for two of the components that make up MC-30. Because of the increase in price of these raw materials, as of May 1st, my cost for MC-30 went up to \$3.50/gal as shown in the attached email.

My request is that the price for MC-30 be increased to 3.60/gal plus freight effective 5/1/2022 based on this information.

Please let me know if you need additional information.

Thanks, Matt

Matt,

Regarding the increase in MC-30 costs, I've included the ODOT Asphalt Binder Index, as well as a one year #1 USLD price from May 23, 2022, to May 24, 2021. Obviously, these two components are what go into making an MC-30.

The ODOT Asphalt Binder Index attachment will show May's 2021 PG64-22 price averaged at \$450/ton. In May of 2022 that number is now \$662.50/ton with Poten's pricing predicting \$715/ton in June of 2022.

The #1 USLD attachment will show yellow highlighted prices from both 2022 on page 1 and 2021 on page 2. You will see that on 5/23/22 #1 ULSD price is \$3.75/gal and on 5/24/21 prices were \$2.14/gal.

If you have any questions or concerns, please do not hesitate to contact me.

Mark Lancaster
