& List All External Persons Who Need a Copy of Signed Documents
In Your Submission Email**

Scrap Tire Facility Registration - Notification to Local Authorities

Notification Date (mailed or hand-delivered date): Mailed 08-25-2023

Notification to: County Judge Christopher Boedeker

Silent Properties, LLC dba Green Tire Group

Customer Legal Name

has applied to the Executive Director of the Texas Commission on Environmental Quality (TCEQ) for a Scrap Tire Facility Registration for a proposed scrap tire facility to be located at:

7620 CR 313, Grandview, TX 76050

Physical address of the facility

This notification is provided per the requirements of 30 TAC Chapter 328, Sections 328.63(d)(1) and 328.63(d)(2). Approval by the TCEQ Executive Director is required before the start of the proposed scrap tire facility operations at the above-referenced location.

Prior to authorizing a scrap tire facility, the TCEQ Executive Director must consider any timely written notification by a local government with jurisdiction over a proposed facility that the proposed facility does not comply with local requirements related to managing scrap tires and protecting public health and the environment. Such notice must include adequate documentation of noncompliance at the proposed facility. The Executive Director determines whether any documentation of noncompliance submitted is adequate. Comments on the application, if any, must be submitted in writing to the TCEQ's Waste Permits Division within 45 days of the date noted above.

The Executive Director shall, after review of the application for registration, determine if the application will be approved or denied. The Executive Director's final action on the application will be available to view at www.tceq.texas.gov/tires/pending-applications. The applicant or a person affected may file a motion to overturn the Executive Director's final action on this registration, which is a request that the commission review the Executive Director's action on an application. A motion to overturn must be filed no later than 23 days after the date of the final action. Information on how to file a motion to overturn is available at the above web page.

For more information about this application and/or to submit comments, please contact: Waste Permits Division, MC 126, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087. The TCEQ staff can also be contacted via email to tires@tceq.texas.gov or by phone at (512) 239-2335.

Christopher Boedeker
Johnson County Judge
2 N. Main St, Cleburne, TX 76033

Dear Judge Boedeker,

We are a rubber products manufacturing company that makes usable products from recycled tires. (Typical products are shown in the attachment). We have identified a location at 7620 County Road 313 outside of Grandview where we would like to expand. We are applying for the required permits from the Texas Commission on Environmental Quality. We will not be processing any materials until we receive all the necessary approvals and permits. However, because of the length of time for the application process, we need to move forward on this while we are still working on our plans.

Our manufacturing process does not require any long-term storage of tires nor produce any hazardous materials in the process. We make products for end use customers such as mulch and playground materials. We also make feedstock products for further manufacturing by others.

Enclosed you will find the notification of our tire processor permit application, as required by the TCEQ.. We would be happy to meet with you if you have any questions. You can reach me at richardcogburn79@gmail.com or 479-747-4823.

Sincerely,

A handwritten signature in blue ink that reads "Richard Cogburn".

Richard Cogburn
manager, Green Tire Group
