FILL THIS IN:

The Center for ASD is requesting an extension on the ARPA funds received in 2022. These funds are currently designated to come to an end in September of 2024. The funds that have been allocated are used for scholarships for adult individuals with Autism and other special needs.

The Center for ASD would like to request an extension to September of 2025. With the funds designated as they are now to our participants the Center for ASD is estimating that there will be an unobligated amount of \$66,000.00. While the Center for ASD could give additional funding now to families, we are requesting the additional year so we can build up the scholarship fund to prevent the families from being negatively impacted when these funds run out.

We are trying to do our best to serve our families and make sure they can continue to be served after the end date of the funding.
