Purpose and Scope • Criminal Law 101 was originally designed for new practitioners, but over time has evolved to also serve as a needed refresher course for more experienced attorneys. Whether you've been practicing for 1 year or 30, there will be something in this course for you. This year's focus is on providing practical advice that you can put into immediate use at your next trial or hearing. Prosecutors, defense attorneys, and judges will all offer their perspectives and wealth of experience in exploring substantive legal issues, practice tips, and ethical dilemmas.
