He also recognized Brady Slinkard for scoring three touchdowns in the championship game, tying the record in 3A football.

PA2. Presentation of Retirement Plaque to Ronald R. McBroom, Justice of the Peace, Precinct 1

Judge Boedeker recognized Judge McBroom for nineteen years of service as Justice of the Peace, Precinct 1, noting that the JP court is often the public's primary interaction with the criminal justice system. He commended Judge McBroom's compassion, leadership, and dedication, describing him as a strong ambassador for Johnson County and the justice system. Judge Boedeker also noted his eight years of service as Judge McBroom's prosecutor and praised the diligence and care Judge McBroom demonstrated on the bench.

Judge Boedeker opened the floor to the Commissioners Court and those in the audience who wished to speak.

Commissioner Bailey commented that he was appreciative of Judge McBroom's friendship throughout his terms of service. He noted that Judge McBroom had always been actively involved in legislative changes, served as the only magistrate for an extended period of time, and was instrumental in the implementation of video magistrates.

Commissioner Howell echoed Commissioner Bailey's comments. He also commented on the large crowd in attendance and stated that Judge McBroom leaves a lasting legacy. He thanked Judge McBroom for his service.

Commissioner White commented that his relationship with Judge McBroom began when he served as a Constable in Judge McBroom's courtroom. He noted the fairness with which Judge McBroom treated everyone.

Commissioner Woolley thanked Judge McBroom for his friendship during his campaign. He also commented on Judge McBroom's professionalism, stated that he will be missed, and thanked him for his service.

Judge Harmon commented that he and Judge McBroom have known each other for many years and shared a personal story about building their homes and serving as each other's general contractors. He noted that Judge McBroom has saved the county money by conducting arraignments, served as an anchor for the judiciary, and did an outstanding job. He also commented on Judge McBroom's faith and character.

Judge Boedeker asked if anyone else wished to speak.

Judge McBroom's youngest son-in-law commented on Judge McBroom's influence in his life, his support over the years, and expressed pride in Judge McBroom's service to the county and the example he has set.

Constable Wylie commented that in 2007, Judge McBroom was his third Justice of the Peace. He spoke of Judge McBroom's friendship, guidance, and accessibility. Judge Shaw commented that approximately eight years ago, he retired and later decided to run for Justice of the Peace, Precinct 4. He stated that Judge McBroom played a significant role in his education as a Justice of the Peace, teaching him how to research, emphasizing fairness, the importance of first responders, and awareness of mental health. Ms. Kerwin provided an update on PFAS concerns. She stated that 44 states are currently addressing PFAS issues and that her office is taking a scientific approach with multiple agencies becoming involved. Ms. Kerwin stated that Kansas has developed a model bill, and Iowa is also working on the issue. She noted the scope is larger than originally anticipated and will require extensive testing. USDA and Tarleton were identified as good testing resources. She also noted that a previous bill author is taking on this issue as a priority bill.

Judge Boedeker commented that the Court appreciates her coming to speak with them and thanked her and Commissioner Woolley for sounding the alarm.

Commissioner Bailey commented that he is meeting with the building association and that they will research the reasons for opposition. He stated they will need to review land use and determine how much land is actually contaminated.

Commissioner Woolley stated that testing is expensive and that many landowners are hesitant to proceed. He noted there have been victims, with livestock deaths totaling 78 head. He stated that they are considering euthanizing the remainder of the herd, which would require disposal under biohazard protocols.
