Permitted vs Actual Production - 2025

Moving Foward

- Following the approval of Rule amendments in April 2025, the District continued its ongoing review of the Rules, with additional amendments evaluated during the current year.

- Groundwater Management 8 concluded the update of the North Texas Groundwater Availability Model and has proposed Desired Future Conditions to be adopted later this year.

- The District expanded its collaborative efforts with the Texas Real Estate Commission to focus on improving how new property owners are informed about groundwater regulations at the point of land purchase through a mandatory Water Notice.
