Local Government Code § 171.001. DEFINITIONS

1) "Local public official" means a member of the governing body or another officer, whether elected, appointed, paid, or unpaid, of any district (including a school district), county, municipality, precinct, central appraisal district, transit authority or district, or other local governmental entity who exercises responsibilities beyond those that are advisory in nature.

2) "Business entity" means a sole proprietorship, partnership, firm, corporation, holding company, joint-stock company, receivership, trust, or any other entity recognized by law.

Government Code § 573.022. DETERMINATION OF CONSANGUINITY

a) Two individuals are related to each other by consanguinity if:

1) one is a descendant of the other; or

2) they share a common ancestor.

Government Code § 573.023. COMPUTATION OF DEGREES OF CONSANGUINITY

a) The degree of relationship by consanguinity between an individual and the individual's descendant is determined by the number of generations that separate them. A parent and child are related in the first degree, a grandparent and grandchild in the second degree, a great-grandparent and great-grandchild in the third degree and so on.

Government Code § 573.024. DETERMINATION OF AFFINITY

a) Two individuals are related to each other by affinity if:

1) they are married to each other; or

2) the spouse of one of the individuals is related by consanguinity to the other individual.

b) The ending of a marriage by divorce or the death of a spouse ends relationships by affinity created by that marriage unless a child of that marriage is living, in which case the marriage is considered to continue as long as a child of that marriage lives.

Government Code § 573.025. COMPUTATION OF DEGREES OF AFFINITY

a) A husband and wife are related to each other in the first degree by affinity. For other relationships by affinity, the degree of relationship is the same as the degree of the underlying relationship by consanguinity.
