(City State Zip)

Date Notice Mailed: July 29, 2026

City of Burleson has filed an application with the Public Utility Commission of Texas to amend its sewer Certificate of Convenience and Necessity (CCN) No. 20358 for the provision of retail sewer utility service in Johnson County, Texas.

The requested area overlaps the district boundaries of Johnson County SUD. If this district does not request a public hearing, the Commission shall determine that the district is consenting to City of Burleson's request to provide retail sewer utility service in the requested area.

The requested area is located approximately 6 miles southwest of downtown Burleson, Texas, and is generally bounded on the north by County Road 1015; on the east by County Road 919; on the south by County Road 1016; and on the west by Roaring Creek Road.

The requested area includes 0 customer connections and approximately 647.1 acres of uncertificated area to amend (add) to CCN No. 20358. The application proposes the addition of approximately 647.1 acres to CCN No. 20358.

See enclosed maps of the requested area.

Persons who wish to intervene in the proceeding or comment upon action sought should contact the Public Utility Commission, P.O. Box 13326, Austin, Texas 78711-3326, or call the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals may contact the commission through Relay Texas at 1-800-735-2989. The deadline for intervention in the proceeding is (30 days from the mailing or publication of notice, whichever occurs later, unless otherwise provided by the presiding officer). You must send a letter requesting intervention to the commission which is received by that date.*

The letter must include the person's name, address, email address, and fax number, if applicable.

If a valid public hearing is requested, the Commission will refer the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, SOAH will submit a recommendation to the Commission for a final decision. An evidentiary hearing is a legal proceeding similar to a civil trial in state district court.

A landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the requested area, may file a written request with the Commission to be excluded from the requested area ("opt-out") within (30) days from the date that notice was provided by the Utility. All landowner opt-out requests must include the commission docket number, CCN number, the

total acreage to remove from the requested area, a sealed or embossed metes and bounds description or survey of the landowner's tract of land, and the landowner's name, address, email address and fax number, if applicable.

A landowner that opts out from the requested area releases the applicant's obligation to provide retail sewer utility service to the removed land for any reason.

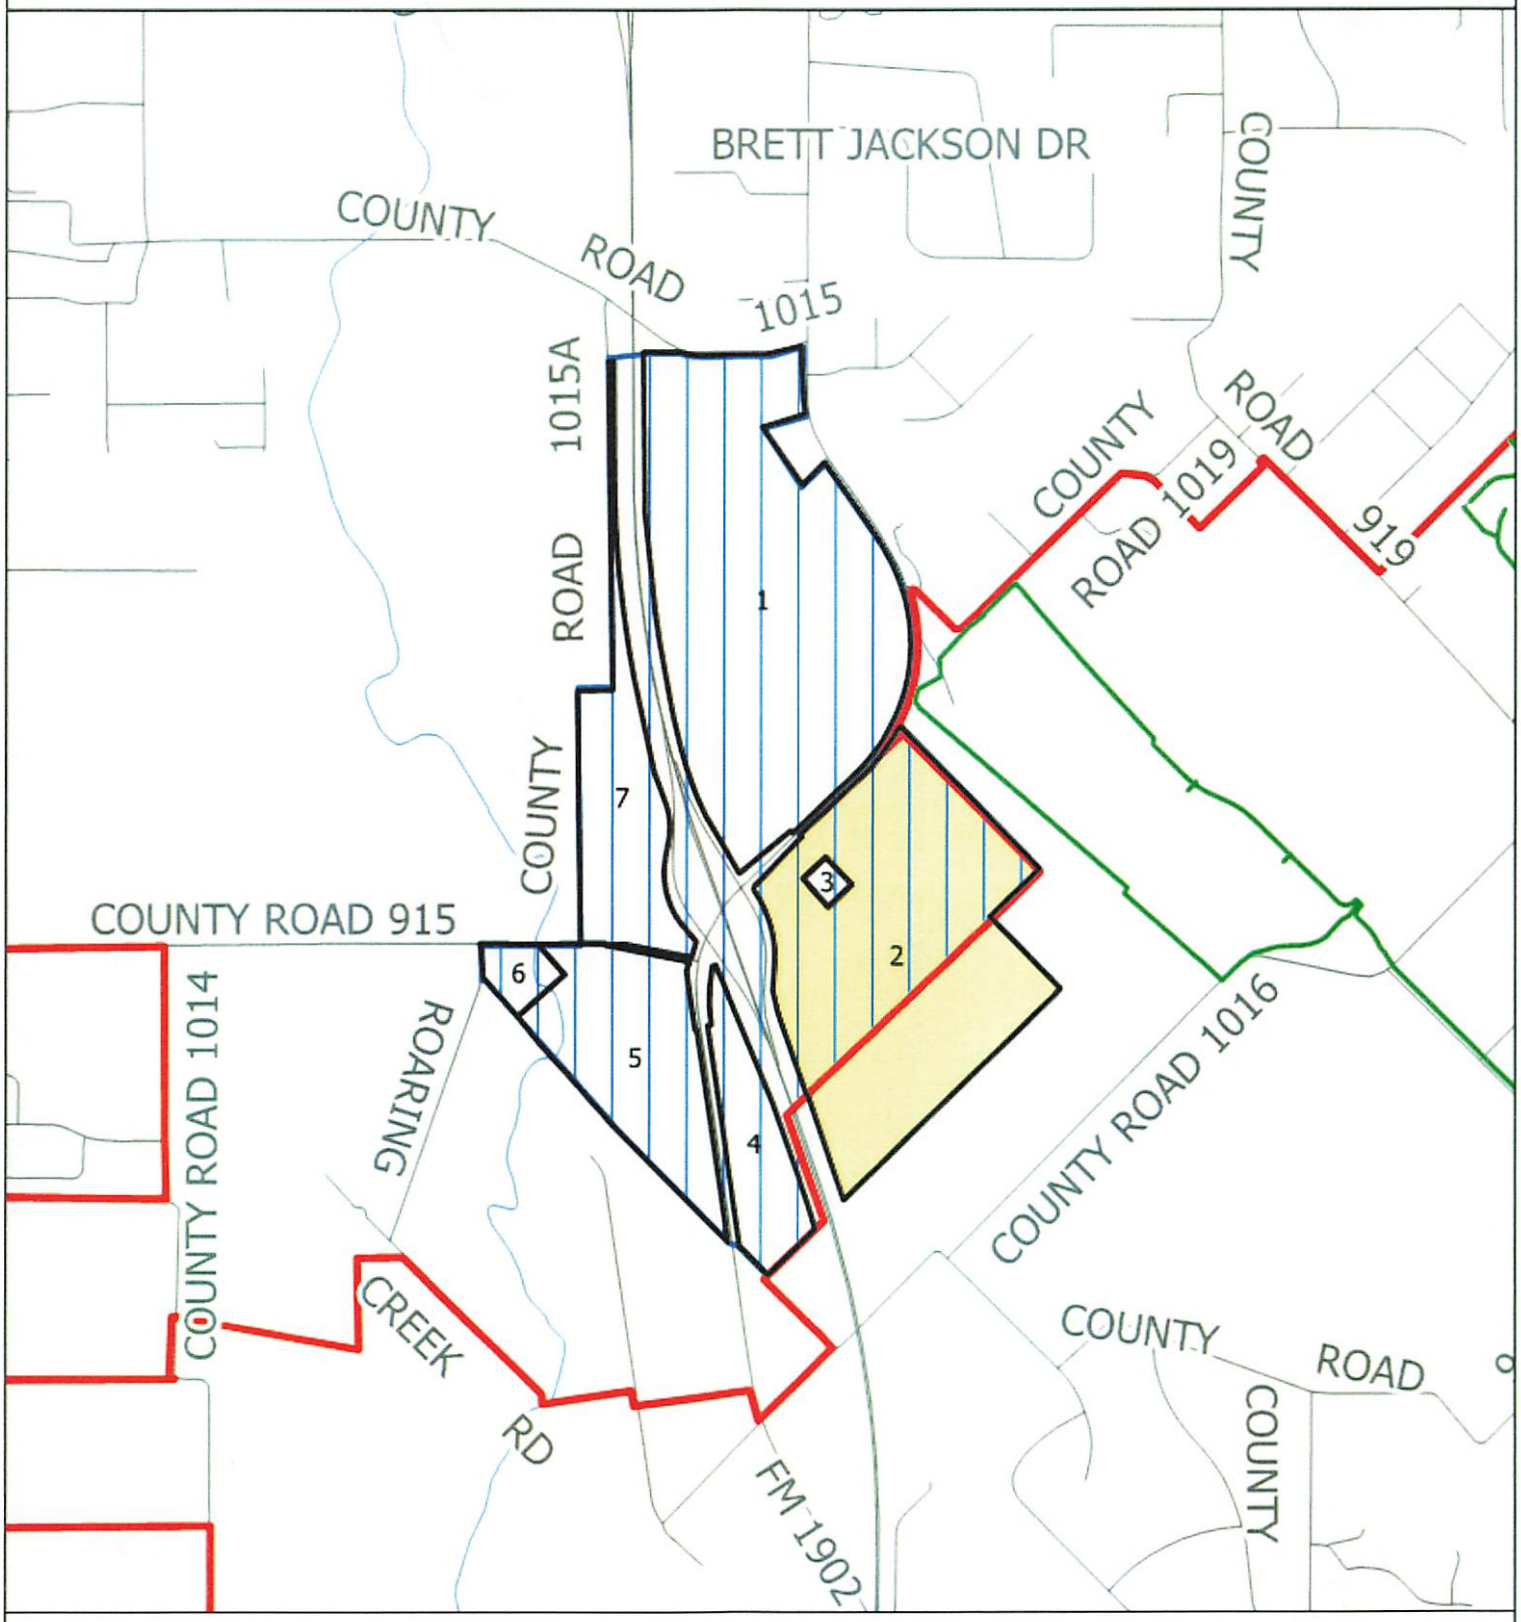

Persons who wish to request this option should file the required documents with the:

Public Utility Commission of Texas
Central Records
1701 N. Congress, P. O. Box 13326

In addition, the landowner must also send a copy of the opt out request to the Utility. Staff may request additional information regarding your request.
