APPLICATION TO DISCONTINUE
USE OF ROAD

TO THE HONORABLE COMMISSIONERS COURT OF JOHNSON COUNTY, Cleburne, Texas.

Gentlemen:

We, the undersigned freeholders of Commissioners Precinct No. 2, Johnson County Texas, hereby respectfully petition you to discontinue the following portion of a public road in Commissioners Precinct No. 2, Johnson County, Texas, and further described as follows:

Beginning at the northeast corner of the J. J. Ware Survey and the northwest corner of the L. F. Carroll farm; Thence running south between the farm of J. W. McClain and D. J. Evans on the west side and the L. F. Carroll farm on the east side, to the northwest corner of the J. G. Dunlap farm; Thence running east between the J. G. Dunlap farm on the south and the L. F. Carroll farm on the north, crossing Buffalo Creek, to the southeast corner of the L. F. Carroll farm; Thence running north between the L. F. Carroll farm on the west and

and the Dunlap farm on the east, to the gate at the entrance to L. F. Carroll's residence.

There are no houses on the portion of the road to be closed as described above, and same is not used as an entrance or outlet to and from any farm or by any person or persons for business or other purposes, The Portion of the road extending west from the place of beginning mentioned above along the north line of the J. J. Ware Survey is graded and used, and the same is true of the portion of the road extending from the L. F. Carroll gate to the old Ft. Worth road, and we understand that the same will remain open and continue to be maintained by the County.

Buffalo Creek runs north and south through the Carroll and Dunlap farms. Rain falling on a large area west of the above mentioned road is channeled by various ditches to the northwest corner of the Dunlap farm, and then flows along a ditch on the south side of the above mentioned road, and on the north side of the Dunlap farm to Buffalo Creek, There is so much water conducted to the northwest corner of the Dunlap farm by the ditches along the road and other ditches leading to that point, that the same cannot be handled by an ordinary road ditch. A tremendous ditch has been washed along the north line of the Dunlap farm, and this and all of the other ditches leading into it are being washed deeper and larger with each rain. Valuable farm land is thus being destroyed, and great damage is being done to the owners. Unless Arrangements are made to handle the water properly, the Dunlap and Carroll farms will continue to suffer great and irreparable damage.

The portion of the road which we desire discontinued is of no value or benefit to anyone; on the other hand, it is a distinct hazard and continuing source of damage to the property owners. The road from the place of beginning mentioned above to Buffalo Creek can be converted into a drainage ditch which will be capable of carrying, and will carry, the water to Buffalo Creek without further damage to any of the property owners. That portion of the road extending from Buffalo Creek, east to the Carroll gate is impassible except in dry weather because of the water which runs into it, and same should also be converted into a ditch to carry water to Buffalo Creek from the east.

Wherefore, we respectfully pray that the portion of the road described above be vacated and discontinued, and that the property owners be authorized with the assistance of the commissioner of precinct No. 2, and to take such other steps as may be deemed proper to protect themselves from any further damage.

After public notice has been given of the petition for twenty days as required by law, it will be submitted to the Commissioners Court of Johnson County, Texas.

Respectfully submitted,
