WHEREAS, the United States of America has abolished the documentary stamp law whereby Federal Revenue stamp was required to be placed on a conveyance of real estate.

BE IT RESOLVED by the Commissioners Court of Johnson County, sitting in Cleburne, Texas, that they request the Governor of the State of Texas to include in his call for the special session of the legislature for the year 1968 a provision whereby the legislature might consider the enactment of a state law for documentary stamps.

The Commissioners Court, at its meeting on February 1, 1968, adopted the following policy for their county employees and requests the cooperation of each officeholder in instituting this policy throughout the County.

An employee is entitled to one week's paid vacation for each six months worked in one calendar year. An employee is entitled to accumulate and take a maximum of two weeks' paid vacation in any one calendar year. If an employee resigns his position, having accumulated one week's vacation, he could be paid for this time, provided the officeholder had money in the budget under extra help to pay for his time, or provided the officeholder did not replace the employee until after the employee's vacation time had expired. To better clarify this policy, the following are some examples:

(1) An employee commences work on January 1, 1968, After July 1, 1968, he would be eligible for one week's paid vacation. He did not take the week's paid vacation; after January 1, 1969, he would be entitled to two weeks' paid vacation.

(2) If an employee commences work on January 1, 1968, and if the employee quits on October 1 and has not taken his vacation, he could be paid for one week's vacation, provided the officeholder had money in his budget under "extra help" to pay for this time, or provided the officeholder did not

replace the employee until after the employee's vacation time had expired. The employee would not receive any vacation pay for the time of July 1 through September 30.

THERE BEING NO FURTHER BUSINESS, COURT IS HEREBY ADJOURNED.

Commissioner Boteler brought to the attention of the Court that a portion of County Road 608 which lies north of FM 917 as shown on the map approved by the Commissioners Court on December 13, 1965 is in error. County Road 608 does not cross the King Branch of Walnut Creek, but the road lies West of the King Branch of Walnut Creek.

It is therefore ORDERED that the official map approved by the Commissioners Court, December 13, 1965, is hereby corrected to show the true location of County Road 608, as lying west of King Branch of Walnut Creek.

A request of R. W. Crook, District Engineer, Texas Highway Department, Fort Worth, to comment upon the declaring of surplus right-of-way for resale to abutting property owners near the intersection of Renfro Street and State Highway 174 in Burleson was discussed. The Commissioners Court declined to comment upon the matter, as the area in question lies within the City of Burleson, and it would be up to the City of Burleson to acquire the right-of-way for any proposed facility at this location. The Commissioners individually expressed their thoughts on the matter and were generally of the opinion that the best interest of the taxpayers would be not to dispose of any right-of-way already titled in the State of Texas that could reasonably be anticipated to be needed for future expansion.

A question was raised to the location of the Precinct Line between Commissioners Precinct 3 and Commissioner Precinct 4. Commissioner Boteler requested an interpretation of this description by the Commissioners Court. It appearing to the Court that a portion of County Road 405 had been closed and straightened to allow it to cross the bridge over Interstate 35W and if you followed a literal interpretation of the description of the Precinct Line, American Telephone and Telegraph Line did not cross County Road 405 until it was west of old US 81. This not being the intention of the Commissioners Court at the time of setting the Precinct Lines, the Commissioners Court ruled that the Precinct line follows American Telephone and Telegraph line in a westerly direction crossint Interstate Highway 35W to the center of old County Road 405, which lies south of the residence of Raymond Tackett; thence west, north and west folloing the old ~~Abandoned~~ County Road 405 to the center of County Road the present 405. Thence with center of County Road 405 to County Road 316. Commissioner Boteler made a motion that this interpretation be passed by the Commissioners Court, and Commissioner Roland seconded.

DETAILED PLANS, SPECIFICATIONS, AND CONTRACT DOCUMENTS may be examined at the office of the Architect, M. M. Moseley, 215 West Main, Fredericksburg, Texas, 78624, or a copy of same may be obtained from said Architect upon a deposit of \$50.00. The deposit will be returned to each actual bidder who returns the plans and specifications within three (3) days of the bid opening.

A CERTIFIED OR CASHIER'S CHECK issued by a bank satisfactory to the Commissioners' Court, payable to the order of the County Judge, Johnson County, Texas, or an acceptable bid bond given by a reliable surety company authorized to do business in the State of Texas, shall be submitted by each bidder, in an amount not less than two per cent (2%) of the total bid as a guarantee that the bidder will promptly enter into contract with the County, and bids without the required check or bid bond will not be considered.

The County has made arrangements for the contractor to dispose of the warrants herein mentioned at their face value if he elects to do so, in the proposal submitted, or the contractor may retain the warrants for his own account. NO BID may be withdrawn after the scheduled closing time for receipt of bids for at least 45 calendar days.

The County reserves the right to reject any and all bids and to award the contract to the bidder or bidders who, in the opinion of the Commissioners' Court, offer the proposal or proposals to the best interest of the County, and to waive formalities.
