A motion was made by Commissioner Boteler and seconded by Commissioner Bryant that the following change be made pertaining to County Road 608.

Commissioner Boteler brought to the attention of the Court that a portion of County Road 608 which lies north of FM 917 as shown on the map approved by the Commissioner Court on December 13, 1965 is in error. County Road 608 does

not cross the King Branch of Walnut Creek, but the road lies West of the King Branch of Walnut Creek.

It is therefore ORDERED that the official map approved by the Commissioner Court, December 13, 1965, is hereby corrected to show the true location of County Road 608, as lying west of King Branch of Walnut Creek.

All voted aye

A motion was made by Commissioner Roland and seconded by Commissioner Bryant that the March 1968 report of the Johnson County Memorial Hospital be approved as presented.

All voted aye

A motion was made by Commissioner Bryant and seconded by Commissioner Boteler that the following order be approved.

A request of R. W. Crook, District Engineer, Texas Highway Department, Fort Worth, to comment upon the declaring of surplus right-of-way for resale to abutting property owners near the intersection of Renfro Street and State Highway 174 in Burleson was discussed. The Commissioners Court declined to comment upon the matter, as the area in question lies within the City of Burleson, and it would be up to the City of Burleson to acquire the right-of-way for any proposed facility at this location. The Commissioners individually expressed their thoughts on the matter and were generally of the opinion that the best interest of the taxpayers would be not to dispose of any right-of-way already title in the State of Texas that could reasonably be anticipated to be needed for future expansion.

All voted aye

THERE BEING NO FURTHER BUSINESS COURT IS HEREBY ADJOURNED.
