Johnson County Area Office

The Honorable Rick Bailey  
Johnson County Commissioner  
Precinct 1

Subject: Emergency Assistance

Dear Rick,

I have received concurrence from the Fort Worth District Maintenance Office to provide Recycled Asphalt Pavement Materials in the amount of \$645.00 as an in-kind reimbursement for the emergency assistance that your office provided to clear snow and ice on US 67 in Johnson County from Somervell County line to Keene City Limit during the Statewide Emergency of December 2013. This amount will be added to the amount available to you in this year's county assistance program.

This one time resolution is not intended to set a precedent for future occurrences, but is intended to resolve the current dilemma until an understanding is reached regarding mutual assistance for emergencies. My office is currently studying the problem and will work to find a solution that will better serve the public for future emergencies.

Thank you and your fellow commissioners for all they do to provide for safety of the traveling public. If you should have any questions concerning this matter, please contact this office at (817) 202-2900.

Sincerely,

*Randy Bowers, P.E.*

Randy Bowers, P.E.
