The Honorable Roger Harmon, Judge
Johnson County Texas
#2 Main, Room 120
Cleburne, TX 76033

Dear Judge Harmon,

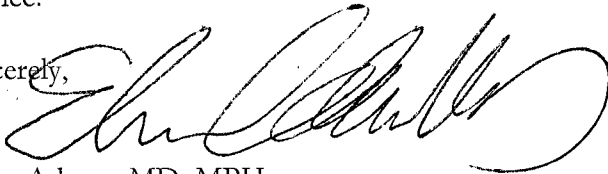

It has been my privilege to serve as Health Authority for Johnson County for about a year. The biggest challenge was to monitor and advise during the mumps outbreak that lasted several months.

It has been my desire to move to North Carolina to be near my youngest daughter and our only two grandsons. We have a contract to sell our house and property in Burleson. Unless there should be some unforeseen issues that prevents this going through we will close on September 11, 2017.

Accordingly, the last day I can serve Johnson County will be at 11:59 pm on Friday, September 8, 2017. Should this real estate deal fall through, I will continue to reside just where I am now and would be pleased to continue as Health Authority until such time as my house did sell or you desired to find a replacement for me.

I wish you and the citizens of Johnson County the best of health and long life. God bless Johnson County and all its elected and appointed officials and citizens. It has been my joy to be in your service.

Sincerely,

Elvin Adams, MD, MPH
