Card orders will be shipped to the designated locations by Rapid or its assignees by bonded and approved carrier. Card orders must be signed for upon arrival. All cards must be placed at the time of receipt into inventory in a secured storage area. An employee designated by management should be appointed to ensure the physical and procedural security policies are implemented.

Card Inventory

Physical security of the cards in inventory must be maintained at all times. Cards must be stored in a controlled environment, such as a safe or locked storage device, with access limited to employees who have successfully passed background screening checks.

An inventory log must account for the number of cards received, cards used, cards spoiled (cards that cannot be used due to damage, tampering or expiration) and remaining cards that should balance to the number of cards on hand at any time. An explanation of spoilage should be included on the log. Any inventory discrepancy must be reported to Rapid as soon as detected.

Card Destruction

Rapid may request return of unused cards in inventory for destruction for any of the reasons listed below.

1. Cards are compromised or tampered with;
2. Card stock expired;
3. Cards are damaged or defective;
4. Program is terminated.

Cards to be returned should be securely packaged. A copy of the inventory log should be included in the shipment. A second copy of the inventory log should be transmitted to Rapid electronically.

Alternatively, the location may destroy any defective or damaged card and certify its destruction by maintaining a detailed inventory log, and destroying the cards using a cross cut shredder that creates pieces no larger than 1/4 " by 1/2" in size. A certified report of destruction outlined in Exhibit B, attached hereto and incorporated herein by this reference must be submitted to Rapid on a monthly cycle even if no cards were destroyed in that period.
