Hello ELISA,

You have successfully booked your hotel for Tyler Connect 2026!

Please review the hotel acknowledgement details below:

HOTEL:

Hotel Name: The Venetian Resort Las Vegas

Hotel Address: 3355 S Las Vegas Blvd

Hotel City and State: Las Vegas, NV

DATES:

Check-in: 04/06/2026

Check-out: 04/10/2026

Room type: Run of House - Venetian Tower

Estimated cost: \$1106.59*

**Estimated cost does not include additional fees for three or more guests staying in a room. To determine if your selected hotel has additional fees, reach out to tyler.events@tylertech.com.*

Please note, this process was booked through our conference hotel management tool. All reservations will be allocated to each hotel on March 13, 2026.

Confirmation Numbers

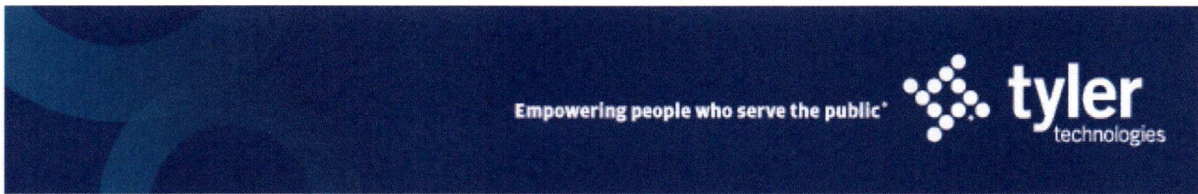

All reservations are stored securely within the Tyler booking system until the room cut-off date. Hotel confirmation numbers will be emailed directly to you within one week of March 13, 2026. After this date all changes or cancellations must be made directly with the hotel.

Cancellation Policy

A valid credit is required to hold your reservations. Once the hotel has received your reservations, a deposit equal to one night's stay is required to hold each individual reservation. Such deposit shall serve to confirm the reservations for the date(s) indicated and, upon check-in, shall be applied to the first night of the reserved stay. This deposit is refundable if the hotel receives notice at least seventy-two (72) hours prior to arrival and a cancellation number is obtained.

Please retain this email for your records. For additional information, please contact tyler.events@tylertech.com.

Tyler Events Team

Narrative Justification:

Attendance at the Tyler Connect Conference is necessary due to the upgrade of the county's Tyler software system. The conference provides direct training, updates, and best-practice guidance from the software developer to ensure the court fully and effectively utilizes the new system's capabilities. This is the only conference offered by the software provider, and there are no in-state conferences available that provide this level of training.

Here's an estimated **Uber fare from Harry Reid International Airport (LAS) to The Venetian Resort in Las Vegas** for your travel approval form:

Uber Ride Estimate (one-way):

- **UberX (standard ride):** Approximately **\$18 – \$24** each way under normal conditions (before tip). [Uber+1](#)
- **UberXL (larger vehicle):** Typically **\$36 – \$40+** depending on demand. [TaxiFare](#)
- **Ride time & distance:** About **5 miles, ~15–20 minutes**. [Uber](#)

Notes:

- Exact pricing will vary by time of day, traffic, and surge pricing. [vegas4locals.com](#)
- Always check the Uber app for the most accurate fare estimate at the time of travel.

Flight Estimate as of 12-16-25:

Southwest Airlines \$732.96

American Airlines \$672.00

- Enterprise Justice

[Achieving Operational Excellence Through Business Process Review \[1366\]](#)

Products: Enterprise Justice

Track(s): Continuous Improvement

Who Should Attend: Department head, frontline manager or analyst
Operational excellence doesn't happen by chance;; it's built through intentional, ongoing evaluation of how work gets done. This session focuses on conducting effective Business Process Reviews (BPR). Attendees will learn how to identify inefficiencies, engage stakeholders, and document workflows to uncover opportunities for optimization.

- **Wednesday, Apr 8:30 PM - 4:30 PM PDT**

Room 42

- Enterprise Justice

[AI Strategy: Leading with Innovation \(Responsibly\) \[1360\]](#)

Products: Enterprise Justice

Track(s): Continuous Improvement, Strategic Planning for Leadership

Who Should Attend: Organizational Leaders

Harness the power of AI to better serve your community. Learn how forward-thinking public-sector organizations are using AI today — and what's next.

- **Thursday, Apr 9:00 AM - 11:00 AM PDT**

Room 52

- Enterprise Justice

An Introduction to Enterprise Justice Process Builder [1197]

Products: Enterprise Justice

Track(s): Clerk Operations , New Client

Who Should Attend: Enterprise Justice SME leaders, IT staff and other users interested in leveraging Enterprise Justice core functionality to streamline business processes.

Are you interested in more automated workflows in Enterprise Justice? Did you know that the Process Builder tool can help you with that goal? Join us for an Introduction to Enterprise Justice Process Builder. This session will explain some of the basic configuration items associated with Process Builder and provide example use cases for this tool. Participants are also encouraged to attend the 1255 - Streamlining Court Operations: Building Court Processes in Process Builder Lab.

- **Thursday, Apr 9 10:00 AM - 11:00 AM PDT**

Room 35

- Enterprise Justice

Automate to Elevate: How AI Document Automation Improves Accuracy, Efficiency and Service [1369]

Products: Enterprise Justice

Track(s): Continuous Improvement

Who Should Attend: Attendees should include: Department heads, data analysts, managers

Discover how artificial intelligence and document automation are reshaping the way courts manage operational workflows. This session highlights practical strategies for streamlining repetitive tasks, reducing manual errors, and accelerating decision-making. Attendees will explore how organizations are leveraging Tyler's AI-powered tools to automate document processing, enhance data accuracy, and ensure compliance, all while empowering staff to focus on higher-value work.

- **Thursday, Apr 9 2:00 PM - 3:00 PM PDT**

Room 43

- Enterprise Justice

Best Practices for Enterprise Justice Task Implementation Post-Go Live [1195]

Products: Enterprise Justice

Track(s): Clerk Operations , New Client

Who Should Attend: Enterprise Justice SME leaders, IT staff and other users interested in implementing Tasks and Queues in their systems.

Are you ready to set up tasks and queues for your site, and not sure how?

This course will outline the basic steps for implementing Tasks and Queues in your Enterprise Justice environment. Learn how to configure your queues and basic tasks to help your court move toward a more paperless environment.

- **Wednesday, Apr 8 2:00 PM - 3:00 PM PDT**

Room 32

- Enterprise Justice

Building a Culture of Continuous Improvement in Government (from Compliance to Curiosity) [1363]

Products: Enterprise Justice

Track(s): Continuous Improvement

Who Should Attend: Department head, analyst, or frontline manager
Government agencies are often driven by mandates and compliance, but what if the path to excellence begins with curiosity? This session explores how public sector organizations can shift from a reactive, compliance-based mindset to a proactive culture of continuous improvement. Attendees will learn how to foster curiosity, empower teams to challenge the status quo, and embed process review into everyday operations.

- **Wednesday, Apr 8 10:00 AM - 11:00 AM PDT**

Room 21

- Enterprise Justice

Building Connected Communities: Empowering Courts w/Alliance [1260]

Products: Enterprise Justice

Track(s): Clerk Operations , New Client, EJ Maintenance & Administration

Who Should Attend: Case Manager, Cloud Gavel, Court Call

This session introduces court clerks to the strategy behind building connected communities using various case workflows like hearings, documents, warrants, etc.

- **Friday, Apr 108:30 AM - 9:30 AM PDT**

Room 83

- Enterprise Justice

Building Smarter Case Workflows with Case Plans Lab [1254]

Products: Enterprise Justice

Track(s): Clerk Operations , New Client

Who Should Attend: IT Administrators, Clerks, and Administrators

Explore how case plans can transform your case management process. In this hands-on lab, you'll create and configure case plans to trigger business actions at key milestones in a case's lifecycle. Ideal for IT administrators and clerks seeking to implement structured, automated case management.

Room 26

[Justice on Your Time: Asynchronous Trials with Resolve Disputes Online \[1300\]](#)

Products: Enterprise Justice

Track(s): Solutions for the Public, Leadership

Who Should Attend: Who should attend: This session is ideal for court administrators, clerks, and technologists seeking to modernize judicial processes through asynchronous trials and improve access to justice with flexible, fair, and efficient digital workflows

After years of digital mediation, courts are ready for the next frontier – justice that moves at the speed of life. Discover how asynchronous trials are redefining what it means to “have your day in court.” After nearly a decade of digital mediation, courts are ready for what’s next. Asynchronous Trials offer a new model of justice – one that lets parties, judges, and clerks engage in proceedings on their own time, without the need to appear simultaneously. This session showcases how Resolve Disputes Online (RDO) is helping courts pioneer this shift through intelligent timelines, event-based submissions, and structured digital workflows that balance flexibility with procedural fairness. Key takeaways: - Cut delays and adjournments - Enable judges to review cases continuously - Improve access for self-represented litigants - Maintain fairness through transparent timelines Discover how RDO’s asynchronous trial model is moving justice from fixed hearings to fluid resolutions – faster, fairer, and truly on your time.

- **Thursday, Apr 98:30 AM - 9:30 AM PDT**

Room 41

[Lessons from Clients: Continuous Improvement Success Stories from Counties and States \[1364\]](#)

Products: Enterprise Justice

Track(s): Continuous Improvement, Strategic Planning for Leadership

Who Should Attend: Department head, analyst, or frontline manager

Join this dynamic panel session to hear directly from county and state leaders who have successfully implemented continuous improvement strategies to transform their operations. From streamlining workflows to enhancing service delivery, these clients will share real-world stories of how they moved beyond compliance to curiosity, creating cultures of innovation and accountability.

[Let's Talk Defendant Access: What's Working, What's Missing? \[1296\]](#)

Products: Enterprise Justice

Track(s): Clerk Operations , Solutions for the Public

Who Should Attend: Court clerks interested in providing feedback on

Defendant Access to make it more useful to their office and to their citizens.

Join us for an interactive session focused on shaping the future of Defendant

Access. This is your chance to share feedback, identify pain points, and

highlight unmet business needs while exploring product strengths and future

ideas. You'll also participate in live polls and have the option to submit

suggestions ahead of time, making this a true collaborative forum to

influence upcoming releases. Your voice matters—help us build solutions that align with your needs.

Modernizing Enterprise Justice Disbursements Without Sacrificing What Works [1261]

Products: Enterprise Justice

Track(s): Clerk Operations , New Client, Payments & Cashiering

Who Should Attend: Court, treasurer, or finance staff interested in learning more about payment disbursement technology

Court professionals have told us loud and clear — when it comes to payments like restitution, paper checks are still the preferred starting point. Tyler’s managed disbursements option was built with that reality in mind and now it is integrated with Enterprise Case Manager. In this session, we’ll show how our solution supports your existing workflows while eliminating the inefficiencies of manual processing. You’ll learn how to:

- Start with paper checks when needed, without sacrificing speed or control
- Manage payments for restitution, vendors, bonds, child support, witness fees, and more
- Avoid printing, postage, and envelope stuffing
- Offer flexible payment options without collecting or storing sensitive account data
- Rely on a secure, cloud-based platform with real-time updates and top-tier compliance

Tyler’s approach bridges the gap between tradition and innovation — giving courts the speed, security, and simplicity they need, without forcing a one-size-fits-all model.
